

Save Energy and Time with Affordable, Phased Pneumatics Upgrade

Metasys Pneumatic Modernization Promotion

Move your building technology step by step from the Stone Age to the Space Age, without the expense or disruption of a full system retrofit. Our Pneumatic Modernization Promotion gives you affordable access to the benefits of direct digital control within a pneumatic system. Additional savings are available on new Metasys network engines and field controllers, to further enhance efficiency, security and productivity.

The power behind **your mission**

Modernize Pneumatics, End Frustrations

Cut energy waste and free your team from wrestling with a disjointed mix of controllers, software and non-intuitive navigation.

Systematically upgrade dated devices with the phased Pneumatic Modernization Promotion. Make the most of available budget, boost productivity and enhance performance of system components like chillers, boilers and compressors. Your upgrade options at a glance:

- Next-generation Metasys SNE Network Engines and Metasys SNC Network Control Engines deliver new security features, high-capacity memory and reduced installation costs
- The newest Metasys Equipment Controllers create a flexible N2-to-BACnet MS/TP migration path, through system interoperability and field-switchable technology

Our phased approach helps overcome economic uncertainties and offers rapid payback. Centralized control of your building creates a better experience for your tenants, and a better bottom line for you.

Program Details:

- **Engines:** 40% off New Next-Generation (or "M4") SNE Network Engines or SNC Network Control Engines and Panels
- **Field Controllers Replacement & Wireless:** 20% off New Field Controllers or Field Controller Panels

Promotion valid through September 30, 2020.
Contact your Johnson Controls representative for more information.

Terms & Conditions

1. Promotion valid when replacing existing legacy Johnson Controls or competitors' pneumatic hardware only; not valid for new construction
2. Not valid for custom panels; standard panels only
3. 20% promotion not available for IOM controllers
4. Valid for subscription customers only; new subscriptions must be placed at time of order if combined with [New ADS/X-OAS Promotion](#)
