

# Fire and life safety systems to protect people and property

Smart solutions create secure, connected, and resilient communities

Protect lives and public property with best-in-class fire detection, monitoring, environment protection, and mass notification systems customizable to your community's unique challenges.

Johnson Controls handles it all, from initial layout, installation, testing, and compliance to continued maintenance, service, and support.

- Local service and system support keeps your project on time and on budget
- Experience with general contractors and architectural teams
- Our fire and life safety specialists work closely with your local Authorities Having Jurisdiction (AHJs)
- All systems, components, and equipment used are UL Listed
- UL Certificate service available for every installation
- Flexible notification solutions for multiple devices and languages
- Local, state, and federal compliance support

## **Johnson Controls has extensive experience with fire and life safety systems in these areas:**

- Large municipalities with multiple building and campus designs
- Safety hazards of aging infrastructure
- High volume and significance sites such as courthouses, police stations, prisons and transportation hubs
- Urban, suburban, and rural locations
- Expertise in securing funding

### **ABOUT JOHNSON CONTROLS BUILDING TECHNOLOGIES & SOLUTIONS**

Johnson Controls Building Technologies & Solutions is making the world safer, smarter and more sustainable – one building at a time. Our technology portfolio integrates every aspect of a building – whether security systems, energy management, fire protection or HVACR – to ensure that we exceed customer expectations at all times. We operate in more than 150 countries through our unmatched network of branches and distribution channels, helping building owners, operators, engineers and contractors enhance the full lifecycle of any facility. Our arsenal of brands includes some of the most trusted names in the industry, such as Tyco®, YORK®, Metasys®, Ruskin®, Titus®, Frick®, PENN®, Sabroe®, Simplex® and Grinnell®.
