Global Sales for Fiscal Year 2020 in total: US\$22 billion

* Including the sales of Johnson Controls-Hitachi Air Conditioning Business

Johnson Controls in India

Johnson Controls India is the leading provider of the complete range of building solutions across HVAC equipment, building automation and controls, security, fire detection, fire suppression, digital solutions, industrial refrigeration and retail solutions. We have been present in India since 1995 and are headquartered in Pune. We employ 3,000+ people including 850+ frontline staff. We have 15+ branch offices, 3 factories, and 3 Research & Development (R&D) centres with 1,400+ engineers. We are a Grade 1 ESCO with 15+ certified auditors. Certifications include ISO 9001:2015, ISO 14001:2015 and BS OHSAS 18001:2007. We support customers through our 24x7 call centre.

We focus on making the world more sustainable and helping our clients win. Our digital and IOT solutions allow us to create smart buildings, increase efficiency, and drive new business value. We have expertise across verticals including industrial, commercial, airports, metros, data centers, smart city, hospitality, hospitals and pharmaceuticals, making us the preferred choice for our customers. In addition, we have very strong project management and execution capabilities. We partner with our customers during the entire building lifecycle, starting from plan and design, to build, operate, monitor and to retrofit and replace. We have executed marquee projects in India for leading airports, metros, Indian corporate houses and global multinationals.

*Johnson Controls-Hitachi Air Conditioning India Ltd (JCH-IN) is part of the global joint-venture between US-based Johnson Controls and Japan-based Hitachi Appliances.
